

What do trees do?

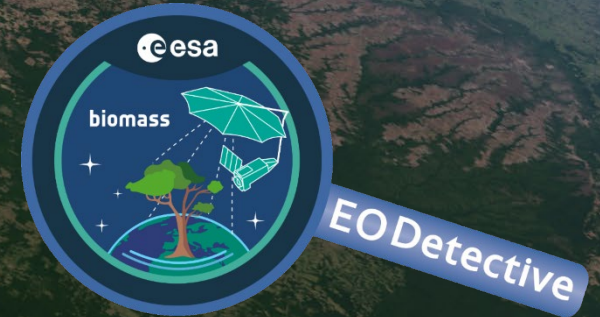

How can we count trees?

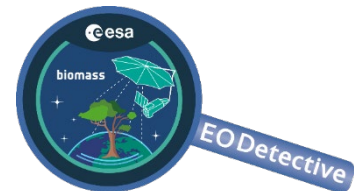

**National Centre for
Earth Observation**

NATURAL ENVIRONMENT RESEARCH COUNCIL

Earth Observation science for a changing planet

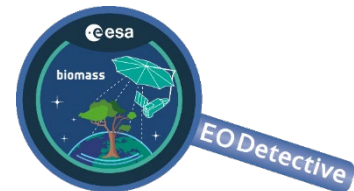

- Describe some ways trees help other living things, including us.
- Match some of these jobs to the right part of the tree.
- Explain how to count trees.
- Know how the Biomass satellite will help.

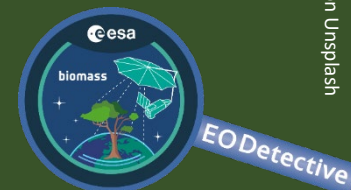

- tree
- root
- trunk
- branches
- leaves
- fruit
- flower
- wood
- needles
- cones
- canopy
- ecosystem services
